About the Company

Founded in 2018 and headquartered in Semarang, ASA Marine Services supports vessels across the Indonesian archipelago with trusted, reliable, and compliance-focused marine solutions.

Our name carries our values:

- Amanah (Trustworthy) – integrity in every operation
- Segara (Ocean) – the environment we protect and serve
- Abadi (Everlasting) – symbolizing enduring trust and long-term partnerships

With 30+ years of combined team experience, ASA blends local expertise, advanced equipment, and international compliance knowledge to keep vessels operational, safe, and on schedule.

Our **Mission** and **Vision**

Trusted Marine Solutions for
Seamless Operations

Vision

To be the most trusted Indonesian marine partner, delivering responsive, compliant, and innovative services that support vessels anytime, anywhere.

Mission

To provide dependable marine support across Indonesian waters by combining skilled professionals, advanced technology, and a deep understanding of both local and international compliance standards.

Our Goals

Excellence in Every Voyage

Vessel Performance Optimization

Deliver underwater cleaning and inspection that enhance efficiency and reduce fuel costs.

Support Seamless Operations

Ensure timely and reliable husbandry as well as fast parts supply to keep vessels on schedule.

Maintain Compliance & Safety

Provide survey and salvage services that meet class and regulatory requirements without compromise.

Company Leadership

Trusted Leadership for
Excellence

Yuli Rosiana

Director

At ASA Marine Services, our leadership, led by Yuli Rosiana, is a cornerstone of our success. With over 15 years of experience in project management, Yuli has expertly managed numerous large-scale projects and diverse teams, earning her an international reputation for integrity and reliability.

Her strategic vision ensures that every project is executed with professionalism and precision. Clients can trust that under Yuli's guidance, ASA Marine Services not only meets industry standards but sets new benchmarks for quality and efficiency, delivering innovative marine solutions that empower our clients to succeed.
